

REMARKS

Claims 1–92 are the claims prior to the restriction. There has been no action on any of the claims other than a restriction requirement, in which claims 1–92 were subject to restriction as follows:

Group I: Claims 1-23, 59.

Group II: Claims 24-54, 56-57, 60-65, 72-83.

Group III: Claim 55.

Group IV: Claims 66-71.

Group V: Claims 84-92.

Applicant now elects Group I (claims 1–23, 59) without traversal

Applicant requests withdrawal of the previous election of Group II that was made on 27 November 2007 in response to the restriction requirement filed. Instead, Applicant now elects Group I without traversal. After this amendment, the claims for examination are claims 1–23 and claim 59.

Applicants understand that per the MPEP Section 819, the general policy of the Office is not to permit the Applicant to shift to claiming another invention after an election is made **and after action given on the elected subject matter**. However, in this case, there has been no action on the previously elected subject matter. Thus, entry of this amendment is respectfully requested.

If the Examiner has any questions or comments that would advance the prosecution and allowance of this application, an email message to the undersigned at dov@inventek.com, or a telephone call to the undersigned at +1-510-547-3378 is requested.

Respectfully Submitted,
